Hi Raymi,

This is Joyce Liu-Countryman, the producer on TORCHES, and am just following up with new information that I just disclosed to Whitney. Whitney should remain your point of contact for TORCHES. I've added Anthony Delzio, our SFX Coordinator, to this chain so that he can be your point of contact for all questions related to the use of fire.

I have also attached a photo storyboard/shot list of the specific shots we are planning at Little Corona del Mar. It's very contained and limited to 1 torch between 2 actors and an oil lantern (in addition to the LED lantern).

Please note that in addition to a battery-operated lantern, we anticipate using 1 oil lantern for the shot where the lantern falls onto the beach. We wanted real flames in this as a practical effect. Whitney has updated the permit application on OPS with that added oil lantern.

Please also see below an image of oil lantern that we plan to use.
